### PROFESSIONAL WORK

**ARCHITECTURAL INTERIOR DESIGN: Feick Design Interior Architecture, Woodland, California** **2001-Current**

Started new interior architecture design business focused primarily on residential kitchen and bath design for new home construction as well as remodels of existing homes. The business serves Yolo, Solano, Sacramento, El Dorado, Nevada and Placer Counties. Client services include but are not limited to: kitchen and bath design for both new construction and remodeling. Architectural floor and ceiling plan enhancement. Space, lighting and furniture planning. Cabinetry & millwork design and specification. Design coordination with consultants and contractors. Client list and portfolio available upon request.

**ARCHITECTURAL INTERIOR DESIGN: STONEWOOD DESIGN, Sacramento, California** **2000-2001**

My work with StoneWood Design focused primarily on the architectural, or "attached" elements of residential interior design. This focus includes: floor plan enhancement, kitchen and bath design, lighting design, millwork and cabinetry design, and finish design and specifications. StoneWood Design is a WoodMode custom cabinetry dealer, and much of our work incorporated the WoodMode product line into overall designs.

**BATH DESIGN: WATERWORKS, Atlanta, Georgia, and San Francisco, California** **1999-2000**

My work with WaterWorks focused on bath design, and the sale of a high end bath product line to design professionals, builders, and homeowners.

**KITCHEN AND BATH DESIGN, LIGHTING DESIGN, AND MILLWORK & CABINETS DESIGN:  
STEPHEN FULLER, INC., Atlanta, Georgia** **1998-1999**

My work with Stephen Fuller, Inc., focused on the architectural elements of highend residential interior design. At Stephen Fuller we strove to provide our architectural clients with full residential design services. In support of this I established, within the company, a kitchen & bath design studio, working closely in tandem with both the architectural and the decorative interiors studios. The establishment of the kitchen & bath studio included the start up of a Wood-Mode fine custom cabinetry dealership.

**KITCHEN AND BATH SHOWROOM SALES: POGGENPOHL USA, Atlanta, Georgia** **1997-1998**

My work with Poggenpohl USA focused on the marketing of highend European custom cabinetry to design professionals, builders, and homeowners. This experience with Poggenpohl was pivotal in my professional transition out of commercial, and into residential design.

**INTERIOR ARCHITECTURE: SMALLWOOD REYNOLDS STEWART STEWART INTERIORS, Atlanta, Georgia 1992-1997.**

My work with Smallwood Reynold Stewart Stewart Interiors centered on the design of large scale corporate interiors. These design projects required heavy involvement with the client, and thorough design documentation. While with Smallwood Reynold Stewart Stewart Interiors , my design work included projects for the Hewlett-Packard Company, Lucent Technologies, First Union National Bank, and Russell Athletic Corporation.\*

**ARCHITECTURAL DESIGN: THE JOHNSON STUDIO, Atlanta, Georgia** **1986-1992**

My work with The Johnson Studio centered on both the design of residential architectural projects and commercial design of restaurant and retail projects. In addition to heavy client involvement, my projects with The Johnson Studio included intense project and construction management activities. Studio clients included The Cheesecake Factory, California Pizza Kitchen, and Johnny Rockets.
